3. If a proposal made by a Committee is of a nature such that by By-Law or by convention it would necessitate notice of motion, such notice shall be deemed to have been given if a report of the Committee containing the text of the proposal has been circulated four clear days before the Meeting at which it is to be considered.
4. Any proposal, not being one made by a duly constituted committee, which requires capital expenditure of £20,000 or more or non-recurrent expenditure of £2,000 or more or recurrent expenditure of £500 or more, shall be referred to the Estates & Finance Committee for a report on its financial advisability before it is approved. Any such proposal which is made by a duly constituted committee shall be similarly referred if the Principal or the Bursar or any three members of the Governing Body shall so request, either at the meeting at which the proposal is to be considered or beforehand by notice to the Principal.

6. If demanded by any member of the Governing Body a formal vote shall be taken, either by show of hands or, if requested by a voting Fellow, by secret ballot.

membership of the Governing Body] shall be enlarged by the creation of new fellowships or by prolongation of existing fellowships if this would necessitate a contravention of the principle.

2. Proposals for election to non-Tutorial Fellowships [other than Emeritus and Honorary Fellowships], and proposals for re-election to non-Tutorial Fellowships [other than Senior Research Fellowships] shall be referred to the Academic Committee before submission to the Governing Body. The Academic Committee shall report on the effect of such proposed election or re-election on the size and shape of the Fellowship and advise on the steps to be taken [if these are not already prescribed by Statute or By-Law] to determine the suitability of any person proposed for election or re-election, or to find the most suitable person for election.
3. Junior Research Fellows shall be elected for a maximum term of three years.

VIII. REVIEW ON VACANCY IN TUTORIAL FELLOWSHIP

When a Tutorial Fellowship in any subject falls vacant, and before any steps are taken to fill the vacancy, the Academic Committee shall review the College's policy in respect of that subject in the light *inter alia* of the competing claims of other subjects, the College's financial position and any relevant aspect of University policy.

IX. PROCEDURE FOR ELECTIONS TO AND RENEWAL OF FELLOWSHIPS [OTHER THAN VISITING FELLOWSHIPS] [Stat. III].

1.
 - [a] Elections to Fellowships and the renewal of fixed-term Fellowships shall only be made at a Stated General Meeting of the Governing Body.
 - [b] The voting in elections to Fellowships and the renewal of fixed-term Fellowships shall be by ballot. In determining the number of persons voting a blank vote shall be deemed to be a vote.
 - [c] In the case of a fixed-term Fellowship, renewal shall be confirmed by a majority of those present and voting.
2. Save where the Fellowship is to be held in conjunction with an appointment made by the University or by some other body the procedure in elections to Tutorial, Official and Research Fellowships shall be as follows:
 - [a] Due notice having been given a motion shall be made at a Stated General Meeting of the Governing Body and shall propose either that a named individual be elected to the Fellowship or that steps be taken to find a person suitable for election.

- [b] If a named individual is proposed for election a ballot shall be held and he/she shall be declared to be elected if there is a majority of those present and voting in his/her favour.
- [c] If it is proposed that steps be taken to find a person suitable for election and this proposal is approved by a majority of those present and voting the Governing Body shall at the same meeting:
- [i] appoint a committee to draw up a provisional short-list of not more than six candidates;
 - [ii] determine the date of a meeting at which the provisional short-list shall be considered;
 - [iii] determine certain dates and times at which candidates on the short-list may be interviewed by the Governing Body;
 - [iv] determine the date of the Stated General Meeting at which the election if any shall be made.
- [d] Unless the Governing Body decides otherwise the committee appointed under sub-clause [c][i] of this clause shall draft and publish an advertisement of the Fellowship. The committee need not confine its attention to candidates who apply for the Fellowship. At least one week before the date determined under sub-clause [c] [ii] of this clause the committee shall circulate to all members of the Governing Body its provisional short-list and shall make available to them all papers and correspondence concerning both the candidates short-listed and those not short-listed.
- [e] At the meeting summoned in accordance with sub-clause [c] [ii] of this clause the Governing Body shall after adding or deleting such names as it may think fit approve the short-list. The candidates short-listed shall be interviewed by the Governing Body on one or more of the dates determined under sub-clause [c] [iii] of this clause. In elections to Tutorial or Official Fellowships the committee appointed to prepare the short-list shall as soon as possible after the conclusion of the interviews submit to all members of the Governing Body a report in writing making comments on the suitability for the Fellowship of the candidates who have been interviewed.
- [f] At the meeting determined in accordance with sub-clause [c] [iv] of this clause if there is only one candidate for consideration the procedure in sub-clause [b] of this clause shall be followed. If there is more than one candidate for consideration each member of the Governing Body intending to exercise his/her vote shall write down a single name, and the number of votes cast for each candidate shall be read out. If there is an absolute majority of those voting in favour of a single candidate that candidate shall be proposed for election as provided at the end of the sub-clause. If there is not

such a majority the candidate who has received the fewest votes shall be deleted from the list of candidates and shall no longer be considered qualified for the Fellowship. Balloting shall then continue according to the same procedure until an absolute majority of those voting has been obtained in favour of one candidate. If in any ballot no single candidate receives fewer votes than every other candidate a further ballot shall be held without the deletion of any name from the list of candidates. If in this further ballot no single candidate receives fewer votes than every other candidate the Principal shall determine which candidate shall be deleted from the list. When an absolute majority of those voting has been obtained in favour of one candidate that candidate shall be proposed for election and a further ballot shall be held on this proposal. If in this ballot the candidate proposed receives a majority of the votes cast that candidate shall be declared to be elected. If he/she does not receive such a majority balloting shall be resumed according to the procedure laid down at the beginning of the sub-clause.

[g] When the procedure laid down in the preceding sub-clause has been completed any member of the Governing Body may propose that a ballot be held to determine which candidate shall be elected if the person chosen refuses election. If the proposal is accepted a ballot shall be held according to the provisions of the preceding sub-clause among all the candidates except the person already chosen. The person receiving a majority of the votes cast in the final ballot shall be deemed to be elected if the person first chosen signifies in writing to the Principal that he/she does not wish to accept the Fellowship.

[h] Any member of the Governing Body may at any stage of the balloting provided for in sub-clause [f] or [g] of this clause move that as the case may be no election or no further election be made or that the election be postponed and this motion if seconded shall thereupon be put to the vote.

3. Where a Tutorial, Official or Research Fellowship is to be held in conjunction with an appointment made by the University or some other body the procedure laid down in clause 2 shall be followed except that

[a] the function of the committee appointed under sub-clause [c] [i] of clause 2 shall be to conduct such negotiations with the other appointing body as shall be necessary and in consultation with that body to draw up the provisional short-list and if possible to make the report required by sub-clause [e] of clause 2;

[b] the dates determined under sub-clause [c] [ii] [iii] [iv] of clause 2 shall be provisional and the committee appointed under sub-clause [c] [i] shall have power subject to sub-clause [a] of clause 1 to alter them if agreement cannot otherwise be reached with the other appointing body; any such alteration shall be communicated at once to all members of the Governing Body;

- [c] Any additions to or deletions from the provisional short-list under sub-clause [e] of clause 2 shall be subject to the agreement of the other appointing body;
- [d] any election made under the procedure laid down in sub-clauses [f] or [g] of clause 2 shall unless the Governing Body shall expressly decide otherwise be subject to the successful candidate's being appointed also by the other appointing body. The tenure of his/her fellowship shall terminate if he/she ceases to hold the other appointment.

4. The procedure in the election to Honorary Fellowships shall be as follows:

- [a] Honorary Fellows may be elected, on the recommendation of the Honorary Fellowships Committee, at the third Stated General meeting of Governing Body in Michaelmas Term and the second Stated General Meeting in Trinity Term each year. Notice of Motion to elect should be given at the second meeting of Michaelmas Term and the first meeting of Trinity Term.
- [b] proposals may be made to the Honorary Fellowships Committee in the form of a nomination, with supporting information, signed by three Fellows, to be submitted to the Principal or his secretary. Proposals may be made at any time, but if made less than three weeks before the relevant Stated General Meeting, the committee may choose not to reach a conclusion before that Stated General Meeting but may instead defer its recommendation (if it chooses to make one) to the next Stated General Meeting appointed by this By Law for the consideration of Honorary Fellowships.
- [c] the Honorary Fellowships Committee may itself generate proposals from a list of college alumni drawn up and revised annually by the Development Office.
- [d] proposals should remain strictly confidential until formal election has been completed.
- [e] any person recommended shall be declared to be elected if he or she receives not less than two-thirds of the votes of those present and voting, excluding abstentions.
- [f] if more than one person is recommended, the committee shall list its recommendations in its order of preference and a separate vote shall be taken on each person so recommended in the order proposed by the committee.
- [g] the tenure of Honorary Fellowships shall be for life.
- [h] the names of unsuccessful candidates may be kept under consideration by the committee for a period of four years after the original nomination and the nominator should be able to update the supporting information each year, as appropriate. The file should be closed after five years but it should remain possible to submit a new nomination for any candidate.

5. [Stat III.1(6)] Professorial, Tutorial, Official and Senior Research Fellows who vacate their Fellowship on retirement or vacate their Fellowship at any age after serving as Fellow for more than twenty years will be eligible for election as Emeritus Fellows. For this purpose, as Tutor is an Office, all Tutorial Fellows will be considered to also be Official Fellows.
6. Election to Emeritus and Supernumerary Fellowships and to elective Professorial Fellowships shall be made by a simple majority of those present and voting on a motion made at a Stated General Meeting, due notice of such motion having been given. If at any such meeting there is more than one candidate proposed for election to the same class of Fellowship, any member of the Governing Body may propose that a vote be taken to agree the order in which votes on election will be taken.
7. Immediately after an election to any Fellowship has been made the Governing Body shall if possible determine the date from which the tenure of the Fellowship shall begin and also where necessary the period of such tenure and the duties, conditions, privileges and advantages to be attached to the Fellowship.
8.
 - (i) The College may appoint fixed-term Teaching Supernumerary Fellows to assist with its tutorial needs. Every such Fellow shall be appointed on such terms and conditions as the Governing Body shall decide and on probation for the first year. At some time not later than the end of the first year of the appointment the Governing Body shall determine whether the appointment shall be continued and if so for what period. Such continuation shall require the votes of not less than two-thirds of the members of the Governing Body present and voting. Further continuations shall be possible under like conditions subject to the proviso that the total period of employment by the College under this By-Law shall not exceed five years.
 - (ii) A Teaching Supernumerary Fellow shall be a member of the Executive Council and be entitled to attend meetings of the Governing Body and if continued under the provisions of paragraph (i) above, shall become a member of the Governing Body.
 - (iii) A Teaching Supernumerary Fellow shall not undertake any academic duties outside the College without the permission of the Governing Body and will not be expected to undertake a major College Office.

X. PROCEDURE FOR ELECTIONS TO VISITING FELLOWSHIPS
Stat III.1.8, III.3,8

1. Visiting Fellows shall be persons of academic distinction. Not more than two Visiting Fellows other than the holder of the Visiting Fellowship in Hellenic Studies shall be in residence at any one time.

2. No Visiting Fellow shall be elected for a period of less than three months.
3. Nominations, accompanied by brief statements setting out the academic qualifications of the persons nominated and details of their proposed study or research or teaching at Oxford, shall be submitted to the Principal who shall report them to the Governing Body at its next Stated Meeting.
4. The election, if any, shall take place at the next Stated Meeting of the Governing Body. Voting shall be by ballot and shall follow the procedure laid down in By-Law IX, clause 2[f]. By-Law IX, clause 6 shall apply.

XI. HOLDING OF OUTSIDE TEACHING APPOINTMENTS BY FELLOWS [Stat. III. 9.]

Tutorial and Official Fellows shall obtain the College's consent before accepting salaried offices or appointments [otherwise than as an examiner] at other Colleges or at any institution outside the University. This By-Law does not apply to Fellows on sabbatical leave.

XII. LEAVE OF ABSENCE [Stat. III.12]

1. Every Tutorial Fellow may claim leave of absence ('sabbatical leave') as of right during one term for every six terms in which they have performed their duties since their election (hereinafter referred to as 'terms of qualifying service'). For the purpose of calculation of entitlement to leave, terms of qualifying service shall accumulate up to a maximum of eighteen, from which six are deducted whenever a term of leave is granted. The Governing Body may also agree, in exceptional circumstances, that an individual may accumulate additional terms up to 21.
2. Stipendiary Lecturers may apply to the Research Fund for funding for sabbatical leave for up to one term for every ten terms in which they have performed their duties since their employment as a Stipendiary Lecturer. During any such sabbatical leave they will continue to be employed by the college and continue to receive remuneration and benefits pertaining to their permanent contract.
3. The College will normally expect that the Fellow or Lecturer intends to serve for at least one subsequent term in respect of each term of sabbatical leave granted, before resignation or retirement.
4. Nothing in this By-Law shall limit or affect the power of the Governing Body to grant leave of absence for special reasons at its discretion.
5. Applications for sabbatical leave shall be made in writing to the Senior Tutor and applications for other leave of absence shall be made in writing to the Principal.

6. When a Tutorial Fellow is on leave granted under clause 1 of this By-Law he/she shall be entitled to the whole of the emoluments of his/her Fellowship, subject to the following proviso [which is intended to apply to College emoluments, mutatis mutandis, the rule applicable to University salaries]. If the Fellow after taking account of [1] any loss of normal sources of income [but assuming for the calculation that he/she is in receipt of his/her full College emoluments, excluding separate establishment allowance, and the full University salary which he/she would normally receive] and [2] any gain of income from any new sources [less any additional expenses associated with new activities], is in a better financial position than if he/she had not taken leave, then he/she shall decide what sum would have to be deducted from his/her income so as to leave him/her approximately in the same financial state as if he/she had not taken leave, and he/she will forgo from his/her normal College emoluments such proportion of that sum as his/her College emoluments are [at the date of commencement of leave] of his/her combined University and College emoluments. The Fellow shall at the conclusion of his/her leave inform the Principal whether or not he/she is to forgo any part of his/her College emoluments and, if so, how much.
7. When a Tutorial Fellow is absent by reason of illness, supported by sicknotes from a GP, the College will supplement any Statutory Sick Pay so that he/she shall be paid [in addition to the College's contribution to the USS] his/her full Fellowship stipend for twelve months.

XIII. RESEARCH GRANTS TO FELLOWS ON SABBATICAL LEAVE [Stat.III.4(4)]
see also By-Law IV, Research Committee

1. Grants may be made to Fellows towards the cost of research carried out by them on sabbatical leave subject to the following conditions:
 - (a) that the Fellow shall have taken steps to secure support from any appropriate outside source;
 - (b) that the Fellow shall not accept other substantial responsibilities during his/her leave;
 - (c) that he/she shall submit a scheme to the Principal for the approval of the Governing Body, setting out:
 - i. the general character of the research in question;
 - ii. the expenses necessarily to be incurred in travelling and in securing access to research materials.
2. The College may make advances against approved schemes, but final financial settlement shall be made after the Fellow's return from leave in the light of his/her report.

XIV. FELLOWS' STIPENDS AND ALLOWANCES

1. Fellows' stipends shall be paid monthly. Deductions for sums due to the College in respect of housing loans, batels etc., shall be made monthly. If such sums exceed the net stipend for the month in which the deductions are made, the Fellow s shall pay the balance due without further demand.
2. The College shall bear the cost of lighting and heating the rooms used in the performance of their duties by Fellows or Lecturers engaged in teaching for the College.
3. No rent shall be charged for furniture supplied by the College for rooms used by Fellows or Lecturers engaged in teaching for the College.
4. The College shall pay the expenses of any member of the Governing Body visiting College property, or otherwise travelling on College business.

The expenses of any member of the Governing Body incurred as Hulme Trustee shall be paid out of the Hulme Fund.

5. The College shall pay to each Fellow who is a Tutor or Lecturer or who undertakes the duties of a moral tutor a hospitality budget, such sum not exceeding an annual total laid down from time to time by the Governing Body as he/she shall certify to have been expended on the entertainment of students or other academics.
6. No charge shall be made for meals supplied to Fellows who are confined to their rooms by illness provided that either:
 - (a) the dishes are selected from the menu of the day, or
 - (b) if a special dish is ordered, the cost of the meal shall not exceed the full cost of the meal supplied to the Common Table; and provided that it may be served at a time which is most convenient to the Kitchen.

XV. ASSISTED HOUSING FOR FELLOWS [Stat.III.10]

1. The Principal, Tutorial and Official Fellows may apply to the College for a loan to assist with house purchase on the terms set out below. Entitlement to a loan shall be discretionary and not a contractual right. Such loans may be used to reduce or redeem existing loans, but in all cases the College must be satisfied that any funds advanced are for the sole purpose of purchasing or improving a residence to be occupied in connection with performing the duties of the borrower's employment with the College; the residence must usually therefore be within thirty miles of Radcliffe Square. The College shall also ensure that any funds advanced come only from capital which can be expended for the general purposes of the College.
2. The loan from the College is to supplement funds borrowed from an external mortgage lender whose loan is secured by the first legal mortgage on the property. Applications, supported by full financial information on how the purchase is to be

financed and how loans from both College and the external lender are to be serviced, should be sent to the Bursar, who shall, after making any necessary enquiries, have power to grant the application if, in the opinion of the Bursar, it meets the conditions set out in this By-Law. If the Bursar is unable to approve the application the Bursar shall refer it to the Human Resources Committee, which shall have the power to decide whether it shall be granted or not and, if granted, any conditions consistent with this By-Law which it judges to be necessary. An applicant who is dissatisfied with any decision of the Human Resources Committee shall be entitled to put his/her case to the Governing Body.

3. As from 1st January 2022 the maximum amount of any loan or loans made to the Principal or Fellow under the provisions of Statute III.10(2) shall be Three Hundred and Fifteen Thousand pounds (£315,000), or the value of the residence (including any improvements financed by loans), whichever shall be the less. The maximum loan available shall be increased annually on 1 August by the annual cost-of-living pay award or awards applied to the salaries of the Principal and Fellows during the preceding twelve months.
4. The value of the residence shall include the value of any improvement to be made with the loan, and be diminished by the amount outstanding on any existing mortgage.
5. The residence shall be valued by a valuer approved by the Bursar and the cost of the valuation shall be shared equally by the College and the borrower. The College will not contribute to the cost of any valuation required by an external lender or of any survey which the borrower may obtain. The College will meet its legal costs in connection with arranging the mortgage but will not contribute to legal costs incurred by the borrower.
6. At the time at which the loan is taken out, the loan shall be secured by a second or third mortgage on the residence.
7. No capital repayments shall be required while the borrower remains entitled to a loan under Clause 1 but the borrower is free to reduce the loan at any time by repaying a minimum of 5% of the initial sum advanced or Five Thousand Pounds, whichever is greater, after giving one month's notice. All costs associated with making such repayments will be met by the borrower. When the borrower ceases to be entitled to a loan under Clause 1 the loan must be repaid immediately and in full unless
 - i) the loss of entitlement is for an unforeseen reason (for example death in service; or early retirement on medical grounds); or
 - ii) the borrower needs to sell his/her house before repaying the College loan, and in such circumstances the sale might not complete before the termination of employment;when the Human Resources Committee shall have discretion to allow a period of grace of up to 18 months before the loan becomes repayable in full.

Any loans which have not been repaid at the cessation of the entitlement will, unless agreed otherwise by the Human Resources Committee, attract a rate of interest set at 1% above the Barclays Bank base rate and will vary with any changes in that rate.

8. The College may require borrowers to take out life insurance up to a level equal to the size of the mortgage and lasting until the anticipated date of repayment.
9. The College will charge interest on the initial loan at 4% below HMRC's Official Rate of Interest which applies to beneficial loans then in force or 1%, whichever is the higher. This rate of interest will change whenever the Official Rate of Interest changes. On 6th April 2021 the HMRC rate was reduced to 2.00%, so the College's rate is 1.00%.
10. For the avoidance of doubt where, in any respect, this By Law conflicts with Regulation 60G(3) of The Financial Services and Markets Act 2000 (Regulated Activities) (Amendment) (No.2) Order 2013 ("the RAO Regulation"), this By Law shall construed so that the sum payable does not exceed the maximum stipulated by the RAO Regulation.
11. If the amount of a loan made to the Principal or a Fellow under the provisions of clause 2 is less than the maximum there provided, the borrower may at a later date apply for a further loan or loans up to the maximum then available under clause 2. The Bursar or the Human Resources Committee may require a further valuation, and if it does then the contribution which the College will make to the cost of the valuation shall be the lower of 50% or the proportion which the new advance bears to the total loan thereby created.
12. If at any time the mortgage from the College is the only loan on the residence, and the borrower wishes to create a first mortgage from an external lender with priority over the College's mortgage, the College may permit the borrower to create such a mortgage with priority over the College's mortgage, provided that the total loans involved shall not exceed 80% of the value of the residence and that the conversion of the College's loan from a first to a second mortgage is consistent with the purpose of the scheme as set out in clause 1. The costs of any valuations required, and the legal costs of both the College and the borrower, will be met by the borrower.
13. If a borrower's terms and conditions of employment with the College change, the Bursar shall review the arrangements governing the mortgage. If, in the opinion of the Bursar, the changes could adversely affect the interests of the College, the matter shall be referred to the Human Resources Committee, which shall have power to require repayment of part or all of the outstanding loan.
14. The mortgage may be transferred from one residence to another with the permission of the Bursar or the Human Resources Committee.
15. A Fellow or Principal who has sold a residence and paid off the College's mortgage who subsequently wishes to acquire or improve another residence may apply for a new loan on the terms set out in this By-Law.

16. The College's loan shall be fully and immediately repaid if the residence for which it is granted ceases to be owned or occupied by the borrower, except that during a period of agreed leave from College (paid or unpaid) the borrower may, with the permission of the College, let the house to another occupier. A borrower who wishes to let the house should apply, through the Bursar, to the Human Resources Committee, providing full details of the arrangements proposed, including the rent to be charged. If the College grants permission it reserves the right to increase the rate of interest during any such period to the Inland Revenue's Official rate then in force and to vary the interest with changes in that rate.
17. The legal charge document pertaining to the College's mortgage shall normally contain a stipulation that the external lender must immediately inform the Bursar if the first mortgage is in arrears. A Fellow holding a mortgage from College whose payments on a first, external mortgage are in arrears shall so inform the Bursar. If, in the opinion of the Human Resources Committee, the arrears are such as to render a closure of the first mortgage likely, the College may require immediate repayment of its mortgage.

XXIX. BY-LAW TO STATUTE XVI

This By Law is recorded in a separate document

XXX. MANAGING THE COLLEGE'S BORROWING

In 2008 the College borrowed £9 million to finance the "Project Q" project to redevelop the College's catering facilities. The loan is repayable on 4th November 2048.

In 2017 the College borrowed £20 million to benefit from low interest rates in order to finance £8m of operational projects (primarily for accommodation) and £12m of additional investment. The loan is repayable on 24 April 2057.

1. The College recognises that careful financial planning is required for the repayment of these loans, and for management of the covenants on these loans, and therefore requires that the Bursar present a statement to Governing Body at least every three years including:
 - a. the total outstanding loans undertaken by the College and net debt (total loans net of cash) of the College;
 - b. the covenants relating to those loans, the calculations of the metrics for those covenants at the most recent audited Balance Sheet date, and the amount that the endowment would have to fall for the covenants to be breached.
 - c. if the covenants would be breached by a fall of less than 30% in the endowment, the plans the College will put in place so that a 30% fall in endowment value would not breach the covenants
 - d. the plans for repaying the loans on termination.
2. The College recognises that borrowing brings risks, and would usually be limited in total value and limited to operational needs with clear repayment plans. The £20m loan includes an element of borrowing for investment purposes due to the exceptionally low interest rates and nature of the private placement market in 2017. The College does not expect or plan to increase its leverage further, and therefore does not expect or plan to take on any more substantive borrowings until the finance to repay these two loans has been substantially accrued.

XXXI FRANKLAND VISITORS

1. The College may appoint, from time to time, persons of significant distinction through their service to public or cultural life, but who are not necessarily themselves academics, to be Frankland Visitors (or such other title as may be agreed by Governing Body from time to time), but who shall not be Fellows. The number and the process of such appointments to be agreed by Governing Body from time to time.

CODE OF PRACTICE ON FREEDOM OF SPEECH

The following provisions constitute the Code of Practice adopted by Brasenose College to operate with effect from 1 September 1987 to facilitate the discharge of the duty imposed by Section 43(10) of the Education (No.2) Act 1986, in relation to the College.

PART 1 – General Duties

1. General duty to uphold freedom of speech

Members, students, and employees of the College are bound at all times so to conduct themselves as to ensure that freedom of speech within the law is secured for members, students, and employees of the College and for visiting speakers.

2. The freedom protected by para.1 of this Code of Practice is confined to the exercise of freedom of speech within the law. Examples of statements which involve a breach of the criminal law are incitement to commit a crime, sedition, and stirring up racial hatred in contravention of statute. Statements may also be unlawful if they are defamatory or constitute a contempt of court.

3. General duty not to impede access to, or egress from, places at which the right of freedom of speech is exercised on premises of the College.

Subject to such limitations on access as may lawfully be imposed by the competent college authorities, it shall be the duty of every member, student, and employee of the College not to impede any person entitled to be present from entering or leaving a place where the right of freedom of speech is being or is to be exercised on premises of the College.

4. Right of peaceful protest

Nothing in this Code of Practice shall be taken to prohibit the legitimate exercise of the right to protest by peaceful means; provided always that nothing is done which contravenes the foregoing general principles or the other requirements of this Code.

PART 2 – Academic Activities

5. All persons concerned with the organization or conduct of an activity which forms part of the College's teaching, study, or research (such as a tutorial, lecture, seminar, class, conference, research work, or examination) shall immediately give notice to the Dean of any facts coming to their notice which indicate that such activity is likely to be delayed or disrupted by improper means.

6. The Dean shall be empowered to give such directions and to adopt such measures as seem appropriate to the Dean to prevent or minimize the delay or disruption of an

academic activity, and all persons concerned with the organization or conduct of the academic activity under threat shall co-operate in carrying out the Dean's directions and in facilitating the measures adopted.

7. In the event that any academic activity is delayed or disrupted by improper means a report shall forthwith be made to the Dean by the person or persons responsible for the conduct of such activity.

PART 3 – Meetings and assemblies on premises of the College of clubs, societies, and other organizations

8. Any member, student, or employee of the College who, whether alone or in collaboration with other persons, makes arrangements for the holding on premises of the College of any meeting or assembly of persons (including any meeting of any club, society or other organization and whether with or without a restriction to college membership), and who becomes aware of facts indicating that such meeting or assembly is likely to be delayed or disrupted by improper means, shall immediately report such facts to the Dean.
9. In relation to any such meeting or assembly which he believes to be threatened, the Dean shall be empowered to give such directions and to require the adoption of such measures as seem appropriate to the Dean to prevent or minimize the improper delay or disruption, and all persons concerned shall be bound to co-operate in carrying out the Dean's directions and in facilitating the measures required to be adopted. Where such persons are employees of the College, the Dean shall, where possible, consult the Bursar before issuing directions.

PART 4 – Powers of the Dean in relation to threatened meetings

10. (1) Directions and measures to be adopted

In relation to any academic activity or any meeting or assembly of persons which the Dean believes to be threatened by disruption, the Dean may give directions and require measures to be adopted pursuant to paras. 6 and 10 of this Code on the following (amongst other) matters:

- (a) the number of persons to be admitted to the premises where the meeting is to be held;
- (b) the issue of tickets of admission;
- (c) the designation of one or more persons as the official organizers of the meeting with direct responsibility to the Dean for all the arrangements thereof;
- (d) the designation of a persons as the chair of the meeting with responsibility for the proper conduct of such meeting;

- (e) the admission (or non-admission, as the case may be) of members of the University who are not members of the College, or members of the public generally;
- (f) the appointment of stewards to assist with the control of the meeting;
- (g) the employment of security staff to ensure the orderly conduct of the meeting and safe access to and egress from the meeting;
- (h) the carrying of banners, placards and similar objects into the meeting;
- (i) the place where the meeting is to be held.

(2) **Meetings where serious disruption is anticipated**

The Dean may as necessary consult with the Proctors and the local police about forthcoming meetings and activities covered by this Code of Practice. In any case where serious disruption may be anticipated the Dean shall have power, having taken into consideration such advice from the police as may be available, to order the cancellation, postponement, or relocation of the meeting.

(3) **Expenses incurred in safeguarding academic activities and other meetings**

Where expenses are incurred (e.g. in the engagement of stewards or the employment of security staff) to safeguard an academic activity under Part 2 of this Code of Practice the cost thereof shall be borne by the College. In all other cases the cost shall be borne by the person or persons organizing the meeting, save that the Dean may (if so advised) make representations to the Governing Body of the College suggesting that the cost shall be borne in whole or in part by the College and the Governing Body may decide the matter.

PART 5 – College premises made available for use by outside organisations

11. In any case where the College is proposing to grant permission to an outside organization or group to hold meetings on its premises, the attention of such outside organization or group will be drawn to the contents of this Code of Practice and permission to use the premises may be refused unless the outside organization or group both undertakes to secure that the principles embodied in this Code will be upheld and satisfies the college authorities of its ability to discharge its obligations in regard to upholding freedom of speech.

PART 6 – Miscellaneous

12. The Governing Body of the College is under a duty pursuant to Section 43 (3) of the Education (No. 2) Act 1986 to keep this Code of Practice up to date. No revision of the Code will, however, take effect until after due notice has been given.
13. Failure to comply with the provisions of this Code of Practice may render the offender liable to disciplinary proceedings. Nothing in this Code of Practice affects the normal operation of the criminal law.
14. In the preceding provisions the term “the Dean” is to be understood as referring to the Dean in person or, in his absence, any other person with decanal authority.
