Important Information

College websites: www.bnc.ox.ac.uk; <http://brasenosejcr.org/>; <http://brasenosehcr.org>

Email: The College and University sends out many important notices by email, and it is therefore essential that you check your email regularly.

Single Sign-On/WebAuth: All students are given an Oxford Single Sign-On username and password, which gives you access to many web-based services at Oxford.

Student Self Service – www.ox.ac.uk/students/selfservice?wssl=1

Student Self Service is your way of accessing the University's student record system, using your Single Sign-On details. You can use it to register at the start of each year, to produce a certificate of enrolment (a document verifying your student status), to view your exam results and to ensure the University has the correct contact details for you.

GSR (Graduate Supervision Reporting System)

GSR is the University's graduate supervision reporting system. Graduate students required to enter information onto GSR each term about their academic progress. You will receive email prompts to do so each term. Supervisors must also complete a report on student progress at the end of each term, and students can then access these reports.

Student Gateway - www.ox.ac.uk/students/

Information on the University website about news, resources and services for students at Oxford.

Course information is provided by faculties and departments, usually by means of course handbooks and information on websites.
