Transgender and Gender Identity

As a supportive community committed to inclusion, Brasenose College wholeheartedly endorses the University's transgender guidance and policy [www.admin.ox.ac.uk/eop/transgender](http://www.admin.ox.ac.uk/eop/transgender). The College aims to anticipate and respond positively and professionally to the needs of prospective, current, and former students in relation to gender identity issues.

Any student wishing to transition or discuss their gender identity may approach members of the College’s welfare network in confidence. [https://www.bnc.ox.ac.uk/current-students/welfare-support/welfare](https://www.bnc.ox.ac.uk/current-students/welfare-support/welfare)

A first point of contact for a student wishing to change gender information held by the college is the Senior Tutor.

We acknowledge that some students may have concerns or queries about transitioning as trans. For example, there may be practical issues relating to visa applications (in the case of international students). Students may also require time away from their studies for medical reasons. All conversations regarding these and other matters will be handled sensitively and respectfully, with due respect to confidentiality.

Further information about University-wide policy and welfare provision for students who wish to transition is available on the University’s [LGBTQ Society website](http://www.bnc.ox.ac.uk/current-students/welfare-support/welfare). Students may also find resources provided by the charity [Gendered Intelligence](http://www.genderedintelligence.org) useful.
