

**WILLIAM GOLDING JUNIOR RESEARCH FELLOWSHIP  
IN THE ARTS, HUMANITIES AND SOCIAL SCIENCES**

**FURTHER PARTICULARS**

Brasenose College invites applications for a William Golding Junior Research Fellowship in the Arts, Humanities and Social Sciences. This Fellowship is open to suitably qualified post-doctoral researchers who are carrying out research in any branch of the Arts, Humanities and Social Sciences in Oxford.

As a Fellow, you will be welcomed into the Brasenose community, and through our various events you will have the opportunity to speak to a broad range of other Fellows and lecturers in many different disciplines. The Fellowship will start on 1<sup>st</sup> October 2026 and, provided the Fellow continues to hold a salaried post in the University, with a significant research element, will last for three years (non-renewable).

**1. Eligibility Checklist**

**All criteria must be fulfilled to be eligible for this Fellowship.**

- William Golding Junior Research Fellows are required to have a salaried post with a significant research element, either in the University or in a research institute associated with the University, with a tenure of at least twelve months from the date of taking up the Fellowship.
- Preference will be given to candidates with confirmed funding in place at the time of application. If confirmed funding for the initial twelve months – 1<sup>st</sup> October 2026 to 30<sup>th</sup> September 2027 – is not in place at the time of application, then any offer made will be subject to the confirmation of appropriate funding.
- William Golding Junior Research Fellows are normally no more than seven years since PhD/DPhil, excluding breaks for caring responsibilities.
- This Fellowship may not be held in conjunction with a Fellowship at another Oxford College.

**2. Duties**

A William Golding Junior Research Fellow is expected to be pursuing advanced scholarship or research within the University. The College wishes to support the Fellow in these endeavours but will not be employing or contracting with the Fellow directly for research. The Fellow will be encouraged to make an active contribution to College life, to become a College graduate adviser, and may be requested to assist in the selection of undergraduate and graduate students of the College. A William Golding Junior Research Fellow may also be invited, but not required, to undertake paid teaching of up to six hours a week for Brasenose, in which case a contract of employment will be offered.
